

**Peptide/SARMS Pricelist and Product Guide – April 2019**

**Injectable Peptides**

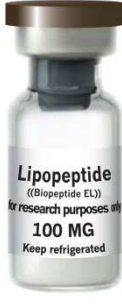

Product & Price per unit	Image
<p><b>ACE-031</b> (Activin Type 2B) 1mg per vial <b>R900.00</b></p> <p><u>Clinical Test Expectation - Human Subjects</u> Massive increases in muscle mass and strength</p>	
<p><b>ACTH 1-39</b> (Adrenocorticotrophic hormone ) 2mg per vial <b>R300.00</b></p> <p><u>Clinical Test Expectation - Human Subjects</u> Stimulate cortisol release</p>	
<p><b>Adipotide</b> 5mg per vial <b>R500.00</b></p> <p><u>Clinical Test Expectation - Human Subjects</u> Faster muscle mass growth, superior fat-burning power</p>	
<p><b>Aicar</b> (AICA ribonucleotide) 5mg per vial <b>R300.00</b></p> <p><u>Clinical Test Expectation - Human Subjects</u> Burn fat, Endurance (sustain output)</p>	

<p><b>Alarelin</b> (Alarelin Acetate) 5mg per vial <b>R200.00</b></p> <p><u>Clinical Test Expectation - Human Subjects</u> "Induces Ovulation"</p>	 <p>A small glass vial with a red cap. The label reads: Alarelin (Alarelin Acetate) for research purposes only 5 MG Keep refrigerated.</p>
<p><b>AOD 9604</b> (Anti-obesity Drug) 2mg per vial <b>R300.00</b></p> <p><u>Clinical Test Expectation - Human Subjects</u> "Anti Obesity Drug"</p>	 <p>A small glass vial with an orange cap. The label reads: AOD 9604 (Anti-Obesity Drug) for research purposes only 2 MG Keep refrigerated.</p>
<p><b>BPC 157</b> (Pentadecapeptide (PL 14736)) 5mg per vial <b>R280.00</b></p> <p><u>Clinical Test Expectation - Human Subjects</u> Super fast Joint   tendon   ligament healing. Heal wounds in internal organs   muscles   ligaments   tendons   skin   internal lacerations from surgery, etc</p>	 <p>A small glass vial with a green cap. The label reads: BPC 157 (Pentadecapeptide (PL 14736)) for research purposes only 5 MG Keep refrigerated.</p>
<p><b>CJC-1295</b> (Modified Growth Hormone-Releasing Factor 1-29) 2mg per vial <b>R225.00</b></p> <p><u>Clinical Test Expectation - Human Subjects</u> Promotes production of Growth Hormone</p>	 <p>A small glass vial with a black cap. The label reads: CJC - 1295 (Modified GRF 1-29) for research purposes only 2 MG Keep refrigerated.</p>
<p><b>CJC-1295DAC</b> (Modified Growth Hormone-Releasing Factor 1-29 Drug Affinity Complex) 2mg per vial <b>R350.00</b></p> <p><u>Clinical Test Expectation - Human Subjects</u> Is CJC-1295 with extended lifespan</p>	 <p>A small glass vial with a purple cap. The label reads: CJC - 1295 DAC (Modified GRF 1-29 Drug Affinity Complex) for research purposes only 2 MG Keep refrigerated.</p>

<p><b>DSIP</b> (Delta Sleep Inducing Peptide) 2mg per vial <b>R225.00</b></p> <p><u>Clinical Test Expectation - Human Subjects</u> Aids Sleep Medically used to treat insomnia</p>	
<p><b>Epithalon</b> (Epithalamin / Epithalone) 10mg per vial <b>R200.00</b></p> <p><u>Clinical Test Expectation - Human Subjects</u> Anti-aging</p>	
<p><b>Erythropoietin</b> (EPO) 3000iu per vial <b>R350-00</b></p> <p><u>Clinical Test Expectation - Human Subjects :</u> Stimulates red blood cell production Treat certain forms of anaemia</p>	
<p><b>GHK-cu</b> ((Gly-His-Lys) Copper Ion (Cu++)) 100mg per vial <b>R500.00</b></p> <p><u>Clinical Test Expectation - Human Subjects</u> Wound healing and antiaging skin care ++ Antioxidant and Anti-Inflammatory Properties Stimulates Blood Vessel Growth Increases Neurotrophins Gene Regulator Reverse Gene Silencing</p>	
<p><b>GHRP-2</b> (Growth Hormone Releasing Peptide - 2) 10mg per vial <b>R200.00</b></p> <p><u>Clinical Test Expectation - Human Subjects</u> Stimulation of GH secretion Appetite promotion Fat mass decrease Muscle mass increase Lowering of cholesterol level Skin and bones state improvement Defence of the liver and anti-inflammatory action.</p>	

<p><b>GHRP-6</b> (Growth Hormone Releasing Peptide - 6) 10mg per vial <b>R200.00</b></p> <p><u>Clinical Test Expectation - Human Subjects</u> Fat loss Muscle gain when used with anabolic steroid Improved skin Healing of injuries</p>	 <p>A small glass vial with a green cap and a white label. The label reads: 'GHRP-6 (Growth Hormone Releasing Peptide - 6) for research purposes only 10 MG Keep refrigerated'.</p>
<p><b>Glutathione</b> (GSH) 600mg per vial <b>R425-00</b></p> <p><u>Clinical Test Expectation - Human Subjects :</u> Skin colour lightening Promote protein metabolism</p>	 <p>A small glass vial with a blue cap and a white label. The label reads: 'Glutathione (GSH) for research purposes only 600 MG Keep refrigerated'.</p>
<p><b>Gonadorelin</b> (Gonadotropin-releasing hormone (GnRH)) 2mg per vial <b>R225.00</b></p> <p><u>Clinical Test Expectation - Human Subjects</u> Delayed puberty Infertility in males caused by pituitary or hypothalamus problems</p>	 <p>A small glass vial with a blue cap and a white label. The label reads: 'Gonadorelin (Gonadotropin-releasing hormone (GnRH)) for research purposes only 5 MG Keep refrigerated'.</p>
<p><b>GW 501516</b> (Cardarine) 10mg per vial <b>R300.00</b></p> <p><u>Clinical Test Expectation - Human Subjects</u> increase endurance, melt fat</p>	 <p>A small glass vial with a green cap and a white label. The label reads: 'GW 501516 (Cardarine) for research purposes only 10 MG Keep refrigerated'.</p>
<p><b>HCG</b> (Human Chorionic Gonadotropin) 5000iu per vial <b>R300.00</b></p> <p><u>Clinical Test Expectation - Human Subjects</u> Boosts testosterone levels during steroid cycle and maintains testicle size</p>	 <p>A small glass vial with a red cap and a white label. The label reads: 'HCG (Human Chorionic Gonadotropin) for research purposes only 5000 iu Keep refrigerated'.</p>

<p style="text-align: center;"><b>Hexarelin</b> (HEX) 2mg per vial <b>R225.00</b></p> <p style="text-align: center;"><u>Clinical Test Expectation - Human Subjects</u> Strong muscle repair Conservative fat loss and muscle gains</p>	
<p style="text-align: center;"><b>HGH Frag 176-191</b> (Human Growth Hormone Fragment 176-191) 2mg per vial <b>R200.00</b></p> <p style="text-align: center;"><u>Clinical Test Expectation - Human Subjects</u> Rapid fat loss</p>	
<p style="text-align: center;"><b>HGH Jintropin</b> (Human Growth Hormone – Jintropin) 10iu per vial <b>R180.00</b></p> <p style="text-align: center;"><u>Clinical Test Expectation - Human Subjects</u> Decrease bodyfat Increase muscle tone Boost energy, strength, and endurance Reduce wrinkles, tighter smoother skin Help sound healthy sleep</p> <p style="text-align: center;">Improve sex drive and performance, immune and heart function, bone density, healing time, cholesterol, brain function, memory and mental focus</p>	
<p style="text-align: center;"><b>HMG</b> (Human Menopausal Gonadotropin) 75 iu per vial <b>R350.00</b></p> <p style="text-align: center;"><u>Clinical Test Expectation - Human Subjects</u> Women : Assist with conceiving, and fertility Men : Increase production of natural testosterone Assist with testicular dystrophy Increased libido</p>	
<p style="text-align: center;"><b>IGF-1 LR3</b> (Insulin-Like Growth Factor-I Long Release 3) 1mg per vial <b>R650.00</b></p> <p style="text-align: center;"><u>Clinical Test Expectation - Human Subjects</u> Boosts muscle mass</p>	

<p><b>Ipamorelon</b> (Ipamorelon) 2mg per vial <b>R150.00</b></p> <p><u>Clinical Test Expectation - Human Subjects</u> Strong weight loss and muscle growth</p>	
<p><b>Lipopeptide</b> (Biopeptide EL) 100mg per vial <b>R350.00</b></p> <p><u>Clinical Test Expectation - Human Subjects</u> Collogen production Hyaluronic Acid production in skin Anti aging</p>	
<p><b>MGF</b> (Mechano Growth Factor) 2mg per vial <b>R225.00</b></p> <p><u>Clinical Test Expectation - Human Subjects</u> Muscle repair resulting in growth</p>	
<p><b>Melanotan II</b> (Melanotan 2) 10mg per vial <b>R225.00</b></p> <p><u>Clinical Test Expectation - Human Subjects</u> Tan</p>	
<p><b>Oxytocin</b> (Love Hormone) 2mg per vial <b>R225.00</b></p> <p><u>Clinical Test Expectation - Human Subjects</u> Regulate reproduction functions, Effects on emotion : Relaxation, Trust, Psychological stability</p>	

<p align="center"><b>P21</b> 50mg per vial <b>R750-00</b></p> <p align="center"><u>Clinical Test Expectation - Human Subjects :</u> Achieve the highest state of cognitive functioning Help stroke victims recover brain function Aid neural regeneration in the case of Alzheimer's</p>	 <p>A clear glass vial with a red cap. The label reads: P21 for research purposes only, 50 MG, Keep refrigerated.</p>
<p align="center"><b>Pal-GHK</b> (Palmitoyl Tripeptide-1) 10mg per vial <b>R250.00</b></p> <p align="center"><u>Clinical Test Expectation - Human Subjects</u> Creates new muscle fibres Stimulate muscle growth Promote growth in body parts not up to par with rest of physique</p>	 <p>A clear glass vial with a black cap. The label reads: Pal-GHK (Palmitoyl Tripeptide-1) for research purposes only, 10 MG, Keep refrigerated.</p>
<p align="center"><b>PEG-MGF</b> (PEGylated Mechano Growth Factor) 2mg per vial <b>R500.00</b></p> <p align="center"><u>Clinical Test Expectation - Human Subjects</u> Creates new muscle fibres Stimulate muscle growth Promote growth in body parts not up to par with rest of physique</p>	 <p>A clear glass vial with a brown cap. The label reads: PEG-MGF (PEGylated Mechano Growth Factor) for research purposes only, 2 MG, Keep refrigerated.</p>
<p align="center"><b>PT-141</b> (Bremelanotide) 10 mg per vial <b>R330.00</b></p> <p align="center"><u>Clinical Test Expectation - Human Subjects</u> Aphrodesiac</p>	 <p>A clear glass vial with a blue cap. The label reads: PT-141 (Bremelanotide) for research purposes only, 10 MG, Keep refrigerated.</p>
<p align="center"><b>Selank</b> (Endogenous Tetrapeptide Tuftsin) 5mg per vial <b>R250.00</b></p> <p align="center"><u>Clinical Test Expectation - Human Subjects</u> Learning &amp; memory improvement - Increased sensory attention - Increased curiosity - Increased mental clarity Restoration of balance of serotonergic &amp; noradrenergic brain system activity - Anti-anxiety - Antiviral activity - Psychostimulant - Anti-asthenic - increased mental energy - stabilization of mood &amp; overall feeling of wellbeing - Reversal of anhedonia - Potential restoration of catecholaminergic system functions after damage due to drug abuse</p>	 <p>A clear glass vial with a yellow cap. The label reads: Selank (Endogenous Tetrapeptide Tuftsin) for research purposes only, 5 MG, Keep refrigerated.</p>

<p><b>Semax</b> (Palmitoyl Tripeptide-1) 10mg per vial <b>R500.00</b></p> <p><u>Clinical Test Expectation - Human Subjects</u> Treat Stroke, Transient Ischemic Attack, Reduce Memory &amp; Cognitive Disorders, Eradicate Peptic Ulcers, Optic Nerve Disease, Combat Depression, Anxiety and Sleep Disorders, Prevent Memory Loss Due to Aging, Boost the Immune System, Cure Glaucomatous Optic Neuropathy</p>	 <p>SEMEX for research purposes only 10 MG Keep refrigerated</p>
<p><b>Sermorelin</b> 2mg per vial <b>R250.00</b></p> <p><u>Clinical Test Expectation - Human Subjects</u> Miracle Skin tone improvements Improves sleep Strengthen immune system Anti Aging</p>	 <p>Sermorelin (GHRP 1-29 NH2) for research purposes only 2 MG Keep refrigerated</p>
<p><b>SNAP-8</b> (Acetyl Glutamyl Heptapeptide-1) 10mg per vial <b>R350.00</b></p> <p><u>Clinical Test Expectation - Human Subjects</u> Anti-aging Anti-wrinkle</p>	 <p>SNAP-8 (Acetyl Glutamyl Heptapeptide-1) for research purposes only 10 MG Keep refrigerated</p>
<p><b>TB500</b> (Thyomisin Beta 4) 2mg per vial <b>R300.00</b></p> <p><u>Clinical Test Expectation - Human Subjects</u> Hair growth Reduce inflammation and pain Healing of acute or chronic injury</p>	 <p>TB500 (Thyomisin Beta-4) for research purposes only 2 MG Keep refrigerated</p>
<p><b>Tesamorelin</b> 2mg per vial <b>R300.00</b></p> <p><u>Clinical Test Expectation - Human Subjects</u> Reduce Belly Fat</p>	 <p>Tesamorelin for research purposes only 2 MG Keep refrigerated</p>

<p><b>Thymalin</b> (Thymus) 10mg per vial <b>R800.00</b></p> <p><u>Clinical Test Expectation - Human Subjects</u> Immune Deficiencies, restores the integrity of thymic activity in a dysfunctional or diseased thymus</p>	
<p><b>Triptorelin</b> (GnRH - 57773-63-4) 2mg per vial <b>R300.00</b></p> <p><u>Clinical Test Expectation - Human Subjects</u> Powerful PCT. Treatment of hormone-responsive cancers such as prostate cancer or breast cancer in women.</p>	

### Nasal Sprays

Product & Price per unit	Image
<p><b>Melanotan II Nasal Spray</b> (Afamelanotide) 10mg per bottle <b>R275-00</b></p> <p><u>Clinical Test Expectation - Human Subjects :</u> Tan Fast</p>	
<p><b>Semax Nasal Spray</b> (SEMAX) 10mg per vial <b>R550-00</b></p> <p><u>Clinical Test Expectation - Human Subjects :</u> Treat Stroke, Transient Ischemic Attack, Reduce Memory &amp; Cognitive Disorders, Eradicate Peptic Ulcers, Optic Nerve Disease, Combat Depression, Anxiety and Sleep Disorders, Prevent Memory Loss Due to Aging, Boost the Immune System, Cure Glaucomatous Optic Neuropathy</p>	

<p align="center"><b>Selank Nasal Spray</b> (Endogenous Tetrapeptide Tuftsin) 5mg per vial <b>R350-00</b></p> <p><b>Clinical Test Expectation - Human Subjects :</b> Learning &amp; memory improvement - Increased sensory attention - Increased curiosity - Increased mental clarity - Restoration of balance of serotonergic &amp; noradrenergic brain system activity - Anti-anxiety - Antiviral activity -Psychostimulant - Anti-asthenic - increased mental energy - stabilization of mood &amp; overall feeling of wellbeing - Reversal of anhedonia - Potential restoration of catecholaminergic system functions after damage due to drug abuse</p>	
<p align="center"><b>P21 Nasal Spray</b> 50mg per vial <b>R800-00</b></p> <p><b>Clinical Test Expectation - Human Subjects :</b> Achieve the highest state of cognitive functioningHelp stroke victims recover brain functionAid neural regeneration in the case of Alzheimer's</p>	

### Tablet | Capsule

Product & Price per unit	Image
<p>Ladies / Men Rapid Fat Loss <b>The Little Pink Pill</b> 500mg 1 Bottle - 30capsules - 1 months supply <b>R500-00</b></p> <p><b>Clinical Test Expectation - Human Subjects :</b> Combats obesity - Fat Burner - Thyroid repair - Reduce appetite - Increase metabolism</p>	

### SARMS

Product & Price per unit	Image
<p align="center"><b>Ibutamoren Mesylate</b> (MK-677)</p> <p>Price per 50 Capsules -10mg - R670-00 Price per 50 Capsules -20mg - R1260-00 Price per 50 Capsules -30mg - R1890-00 Price per 50 Capsules - 40mg - R2520-00 Price per 50 Capsules - 50mg - R3150-00</p>
